The name of Hampton originated in England, the first ones of that name in America being three (some records say four) brothers, who settled in three (or four) different states in the early eighteenth century.

These states are not all known, but the line from which our branch of the family tree comes were first in Bucks County, Pennsylvania, and in South Carolina.

A Family History, going back in an unbroken line to the founding of our country, is a history to be proud of and we can thank those who preserved records making this tracing possible. We especially thank John Hampton Doan, who was a teacher and minister, for collecting information and publishing the first Hampton Record book in 1911. It contains the record of the Pennsylvania Hamptons and their descendants, now scattered all over the United States. He seemed to feel certain that the South Carolina Hamptons were of the same stock.

Our story starts with John (4) Hampton, of the fourth generation to live in the United States. He was born 2-26-1806, at Sandy Springs, Maryland. The Family moved to Ohio in 1825. He taught school near Barnesville, Ohio, and on 5-5-1830 married Mary Williams at Somerton Monthly Meeting, near Barnesville, Ohio. Mary was born 4-28-1812, daughter of Samuel and Sarah (Arnold) Williams near Mt. Pleasant, Ohio.

These two people were held in high regard by all their children, and were active and influential members of the Society of Friends all their lives. They moved to Pennsville, Ohio, (Morgan County) before the second child, Sarah, was born. John did carpenter work in

Belmont and Morgan Counties helping to lay out the town of Chesterfield, Ohio, and building several houses. He owned a sawmill for a time near Barnesville.

John kept diaries, six of which are still in existence. He loved poetry, memorizing and reciting many poems, and composing a few.

In 1854 the family moved to Linn County, Iowa, making the trip overland in two carriages and a wagon. They started 4-5-1854 and arrived at Viola, Iowa, 5-10-1854. John bought 80 acres of land from his brother Samuel and built a log cabin in which they lived for two years. Then he built ~~built~~ with the help of his son Oliver, a good home. He also added to the farm land. He farmed in Iowa until he retired at the age of 84. He sold his farm to a grandson, Daniel Mott, and by adding on a room to the house, continued to live in part of it.

John was opposed to slavery, organizing the first anti-slavery society at Chesterfield, Ohio, in 1838. He never used liquor or tobacco, was in sympathy with the efforts of "Freesoil" and Republican parties against slavery, but was never an active politician.

He had a strong attachment for his relatives, and after going to Iowa he started a circular letter, called "The Little Traveler" which continued for many years, keeping the entire family in touch with one another, and resulting in the idea for this Hampton History.

John (4) Hampton (John 3, John 2, Joseph 1)

He loved fruit culture, and set out many fruit trees. He was an active member of Friends, holding several important offices. Not much interested in politics.
